

Important Notice

Parish.UK Network Website

It has come to the attention of Parish Clerks in the country that a website has been set up by Parish.UK Network, which implies it is working in conjunction with Parish Councils. The information on the website is inaccurate and is not linked in anyway to Local Government offices. It has been reported that, in some areas, the site requests users to sign up to their directory, which can entail costs, thinking that the money will go to their local Parish Council. This is not the case, and we would ask that the site is not accessed (and no payments made) to protect residents in the village.

Parish.UK Network is a fraudulent website, which is being investigated by the National Trading Standards E-Crime Team.

This website is the only one used by the Parish Council and all information is kept as up to date as possible. If you have any concerns, then please contact the Parish Clerk on clerk@collierstreetparishcouncil.co.uk
